BRICKLAYER | BLOCK WORK | PLASTERING

Reliable bricklayer with [X] years' experience on [housing / boundary walls / renovations / commercial] sites. Skilled in setting out, corners, line and level checks, and neat finishing. Safety-focused, punctual and comfortable working in a team under a foreman.

KEY SKILLS

- Brick and cement block laying (straight walls, corners, junctions)
- Setting out: measurements, profiles, lines, checking openings
- Plumb and level checks; neat joints and pointing
- Plastering, patching and finishing
- Mortar mixing, ratios and consistency; material handling
- Reading basic plans/drawings and following specifications
- Site safety: PPE, housekeeping, hazard awareness

WORK EXPERIENCE

Bricklayer — [Company/Contractor Name], [Town]
[Month Year] – [Month Year] / Present

- Laid bricks/blocks for [houses / extensions / boundary walls], maintaining straight lines and consistent joint spacing.
- Set out work using tape measures, line and level; checked corners and openings before building up.
- Followed foreman instructions and drawings to reduce rework and material waste.
- Completed plastering and repairs, matching finishes and ensuring surfaces were ready for painting.
- Worked safely around scaffolding and other trades; kept area clean and stored tools properly.

Builder's Assistant / General Construction Worker — [Company Name], [Town]
[Month Year] – [Month Year]

- Assisted bricklayers with mixing mortar, moving materials, and keeping line and level tools ready.
- Prepared sites by clearing rubble, stacking bricks/blocks, and cleaning work areas.
- Supported plastering prep (wetting walls, mixing, protecting edges) and basic patch work under supervision.
