[YOUR FULL NAME]

Cell: [08X XXX XXXX]
Email: [you@email.com]
Location: [Area, City]
Availability: [Immediately / Part-time / Weekends]

Profile
Entry-level carpenter / carpenter's helper with hands-on experience assisting on [roofing/joinery/shuttering] tasks and completing small woodwork projects. Good with measuring and marking, basic tool use, and following instructions. Reliable, safety-focused, and ready to learn from senior carpenters on site.

Practical skills

- Measuring, marking, basic set-out, cutting to size (under supervision)
- Using hand tools and basic power tools safely (drill, circular saw, sander where available)
- Carrying, sorting, and preparing materials; cleaning and storing tools after shifts
- Assisting with door hanging/cupboard installation/shutter assembly (where assigned)

EXPERIENCE

Carpenter's Helper (Casual / Piece Jobs) — [Contractor/Individual], [Area]
[Month YYYY] – [Month YYYY or Present]

- Assisted with on-site carpentry tasks including carrying materials, holding/aligning components, and checking measurements before fixing.
- Helped prepare timber and boards: marking, cutting to size, sanding edges, and drilling pilot holes.
- Kept the work area clean and safe; packed and maintained tools at end of day.

Woodwork projects — Personal/College Projects
[Year] – [Year]

- Built [cupboard/bookshelf/door frame/workbench] using [pine/MDF/melamine], including measuring, cutting, assembly and finishing.
- Installed/fit [hinges/handles/runners] and corrected alignment issues to improve the finish.

EDUCATION & TRAINING

- [NC(V) Construction / Technical Subjects / N1–N3] — [College], [Year]
- Matric (if completed) — [School], [Year]
- Short courses (if any): [Hand tools & power tools], [Year]
