Profile

Community health worker with experience supporting household health education, TB/HIV adherence support and referrals in [area/community]. Comfortable with daily home visits, respectful client communication and accurate record keeping. Strong local area knowledge and able to work under supervision while following clinic/NGO procedures.

Key skills

- Home visits: household registration, follow-ups, defaulter tracing support
- Health education: hygiene, nutrition, child wellness, chronic medication support
- TB/HIV adherence support: reminders, appointment follow-ups, barrier identification
- Referral pathways: linking clients to clinic services, social services and NGOs
- Record keeping: household forms, daily activity sheets, registers, basic reports
- Confidentiality and respectful communication
- Basic data capturing (WhatsApp/email/Google forms where required)

Work experience

Community Health Worker (CHW) — [NGO/Clinic/Programme Name], [City]
[Month Year] – [Month Year or Present]

- Conducted daily home visits in [areas/wards], providing health education and identifying household needs for referral.
- Supported TB and HIV treatment adherence by doing follow-up visits and appointment reminders, and escalating issues to a supervisor when needed.
- Assisted with defaulter tracing by confirming addresses/contacts and encouraging clients to return to the clinic.
- Recorded visits accurately in [register/forms used], submitted weekly summaries, and followed confidentiality rules when handling patient information.
- Referred clients for services such as immunisations, ANC/PNC support, chronic medication, social worker support, or SASSA/ID assistance (as per programme process).

Volunteer Community Caregiver / Peer Educator — [Organisation/Church/Project], [City]
[Month Year] – [Month Year]

- Supported community outreach events (health talks, queue support, distributing information) and guided community members to the right clinic points.
- Helped with basic admin such as attendance registers, follow-up lists and confirming contact details.
