Personal statement
Entry-level welder (training completed) seeking a junior welder / welder assistant role. Practical experience with basic MIG and SMAW welding, joint preparation, grinding, and safe tool handling. Can follow instructions, read basic drawings, and work neatly with strong focus on safety and learning.

Practical welding skills

- Processes practised: [MIG (GMAW)] [SMAW (stick/arc)] [TIG if applicable]
- Joint prep: Cleaning, beveling, tacking, clamping, basic fit-up
- Positions practised: [Flat/Horizontal/Vertical/Overhead]
- Metals: Mild steel, [stainless/aluminium if practised]
- Workshop tools: Angle grinder, cutting discs, wire brush, measuring and marking-off
- Work habits: PPE, housekeeping, timekeeping, taking feedback

Training & certificates

- Welding course: [Training Centre/College] — [Course name], [Month Year]
- Modules covered: [MIG basics], [SMAW basics], [Safety], [Basic drawing interpretation]
- Other: [Working at heights / First aid / etc. if true]

Experience

Welder Assistant (piece jobs / casual) — [Workshop/Person], [Town/City]
[Month Year] – [Month Year]

- Assisted with material preparation, cleaning, beveling, and setting up components for welding.
- Performed grinding and finishing to prepare items for painting or delivery.
- Supported welding tasks by holding, clamping, and checking measurements under supervision.

Practical projects (training centre)

- Built: [Small gate / frame / table / brackets] using [MIG/SMAW], including measuring, cutting, tacking, welding, and grinding.
- Completed weld practice plates and learned to identify common defects and correct technique.

Education

- Highest school level: Grade [X] — [School Name], [Year]
